

Notes Plus

Version 3.0.1

Welcome!

★ Also true, it should come with the iPad. Notes Plus handles handwriting.

★ **Shapes**

★ **Typed text**

★ **Recordings**

★ **6 APPS IN ONE!**

★ **PDF Annotation**

Try Notes Plus with your Bluetooth keyboard. Effective note-taking!

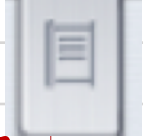

★ **Drawings!**

Getting Started

Tools

Library
Navigation
Pane
(tap to open)

Recordings
Drawer
(drag to open)

~~***~~
Splitter Bar
(pull tab to
see options)

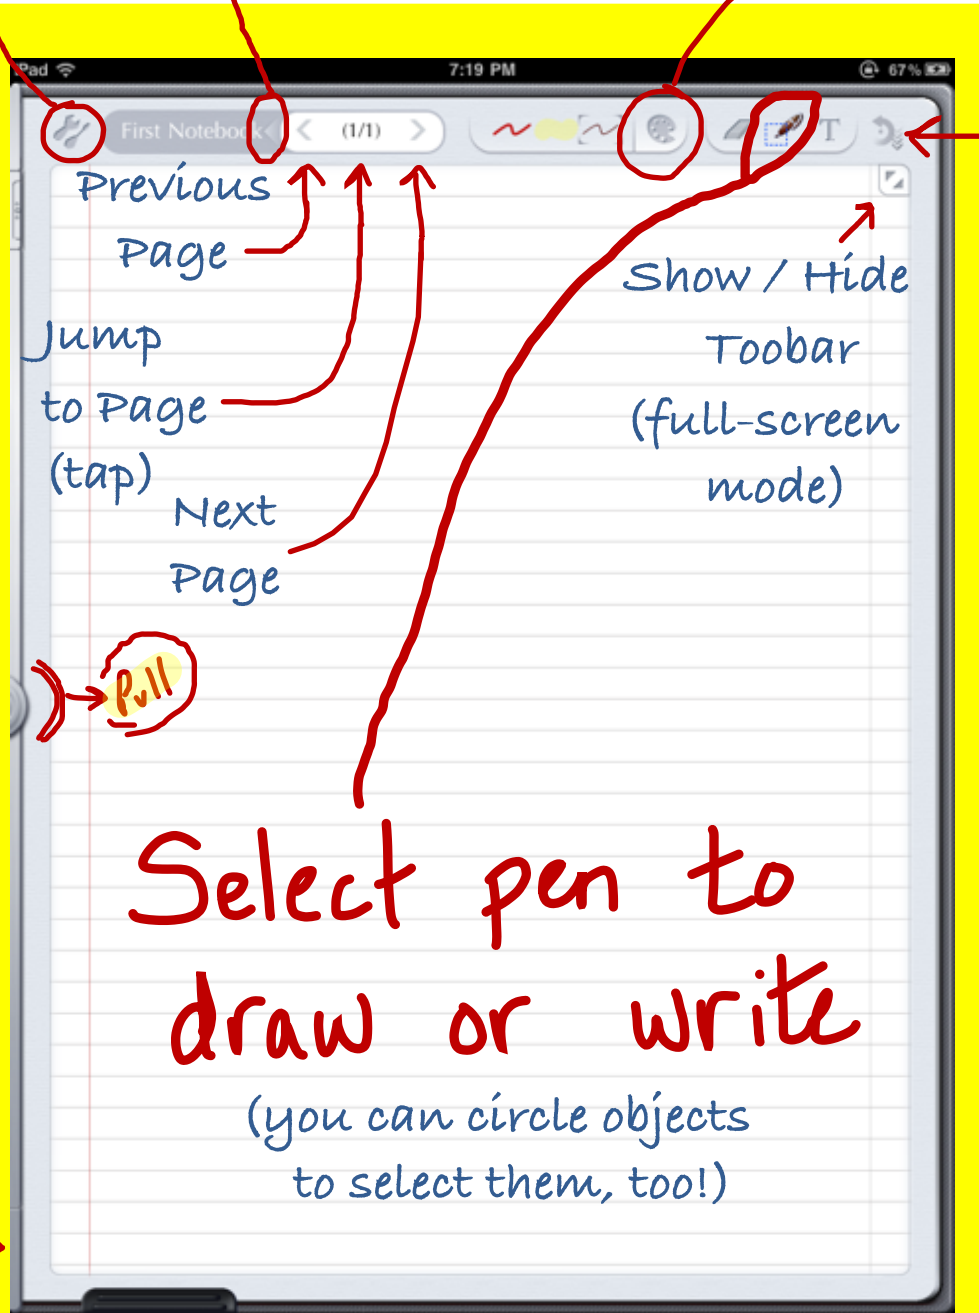

App
Settings
(icon on
splitter bar)

Notebook or Page
Title window
(drag to show, tap to edit)

Palette

(tap for pen
and font options)

Undo
(tap)
Re-do
(tap-hold)

Previous
Page

Jump
to Page
(tap)

Next
Page

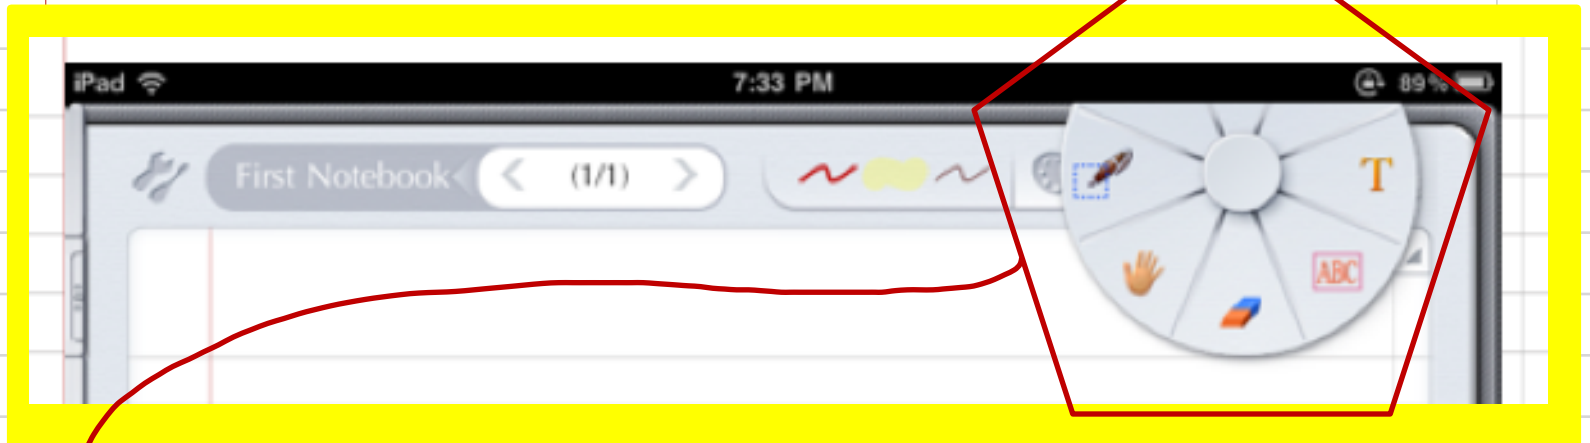

Show / Hide
Toolbar
(full-screen
mode)

Select pen to
draw or write

(you can circle objects
to select them, too!)

Palm pad
(drag to set)

Customizable tools!
(tap-hold to see and
select options)

Pen - Write / Draw Mode

You can also circle-to-select objects.

Hand - Select Mode

Select, move or resize objects.

Eraser - yeah!

To turn off the eraser, choose another tool.

ABC - Movable Text-Box mode

Create or edit text boxes.

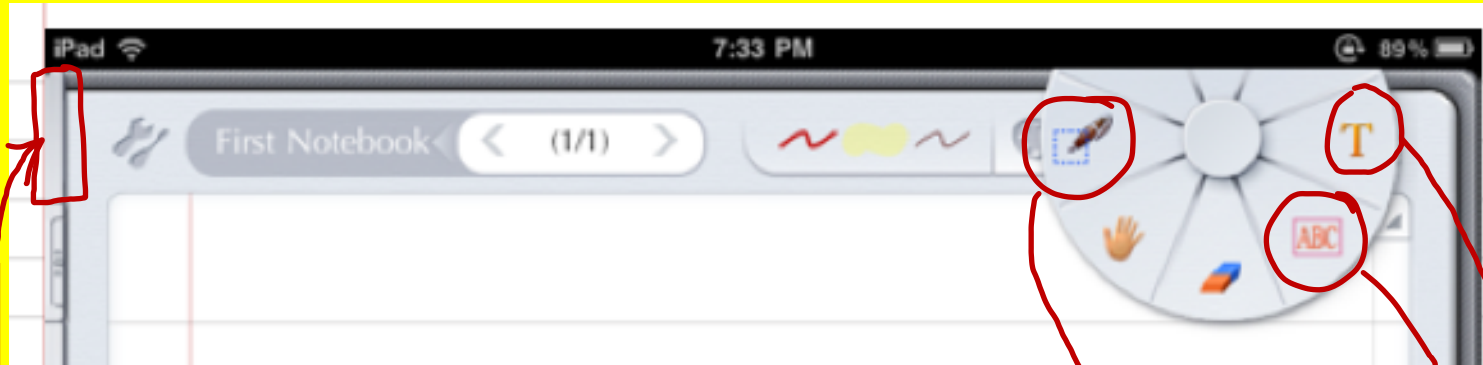

T - Typed-page Mode

Type across the entire page, or edit typing.

~ - Pen Favorites

To change pen choices, create them in the
Palette first.

Editing Tips

HWR - Handwriting Recognition (optional)

Try circle-to-select handwriting and then select **Convert to Text** (One-time in-app purchase required.)

Edit Converted Text - To modify converted text, use the **ABC** tool and select what you want to change.

Search - Search on text in pages, page titles, or even converted text. Use the search box at the top of the **Library** pane.

Change Font Style - To change the style of typed text, use the **correct text object tool**, then select the font you want from your Favorites area (tap-hold for more options).

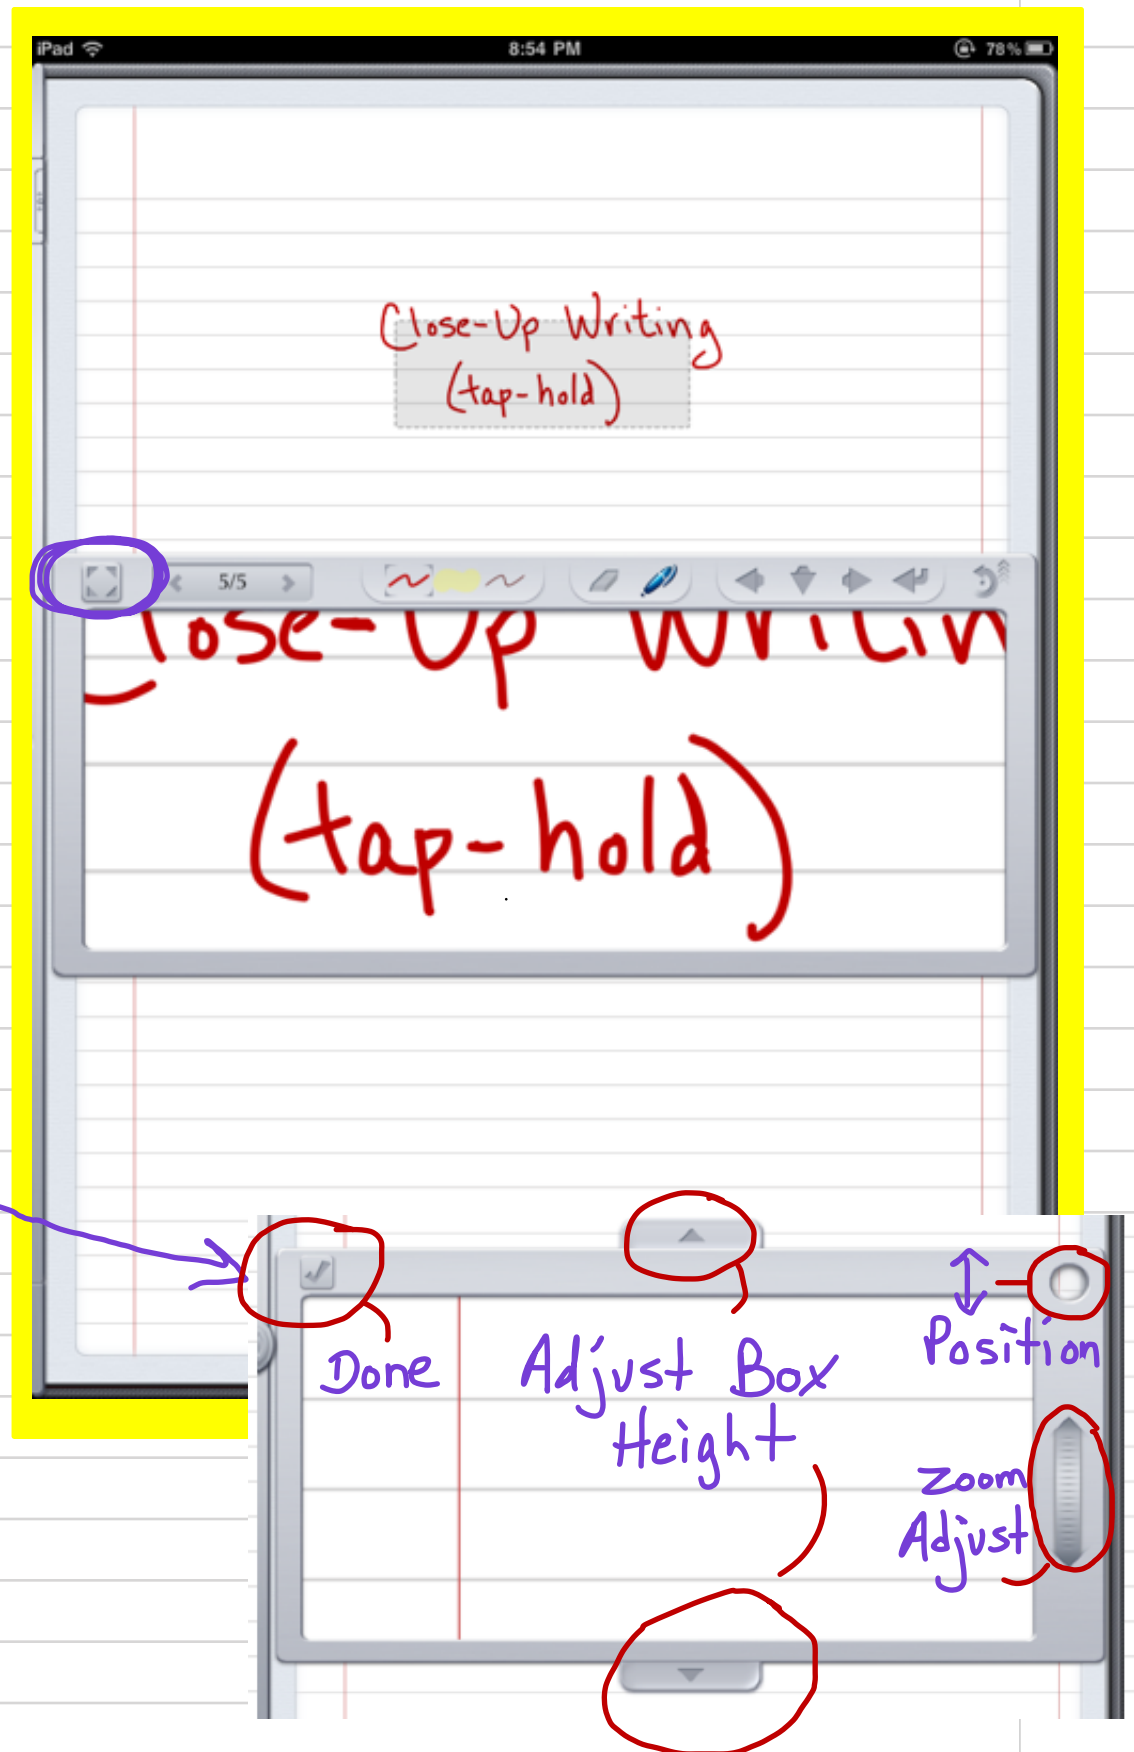

TIP: To resize text boxes, Unlock Aspect Ratio.

Close-up Box and Auto-Advance

Write large and still get small text!

Tip!

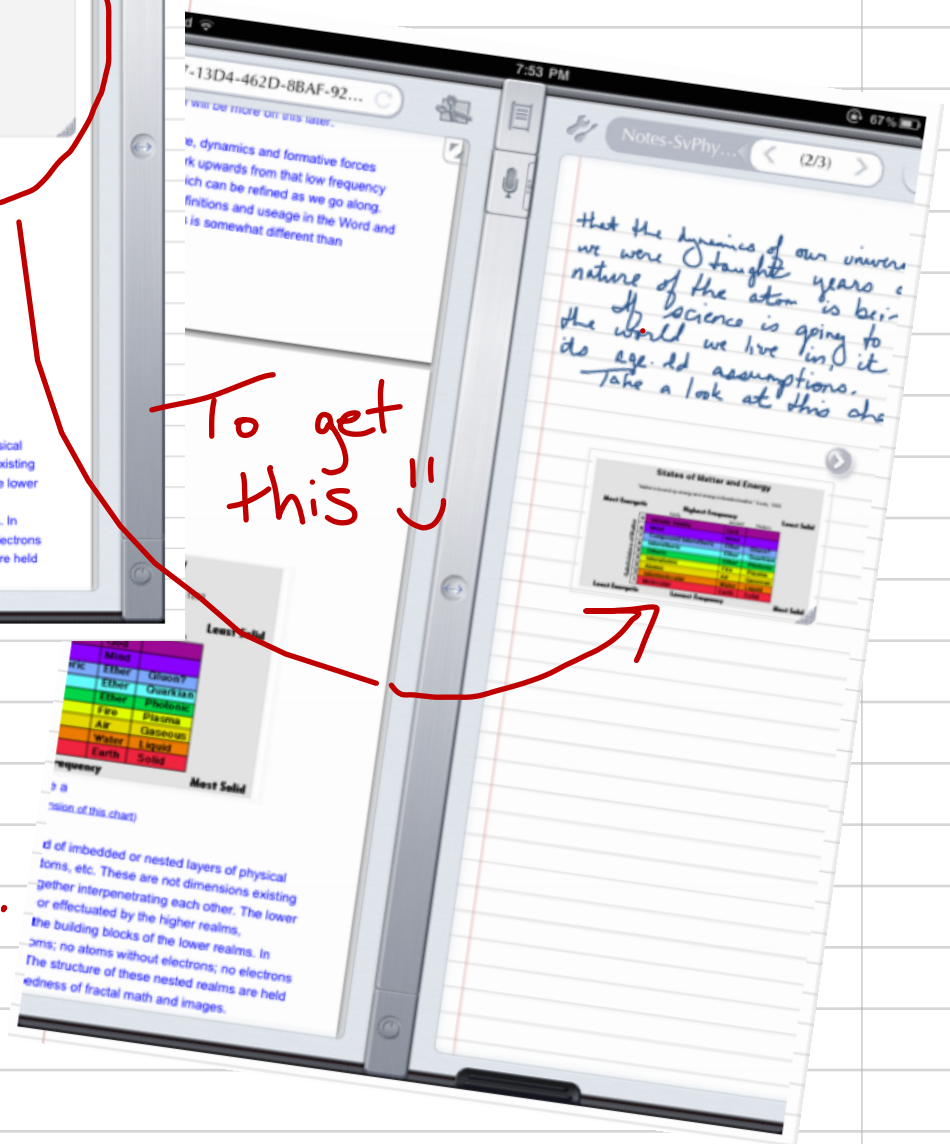

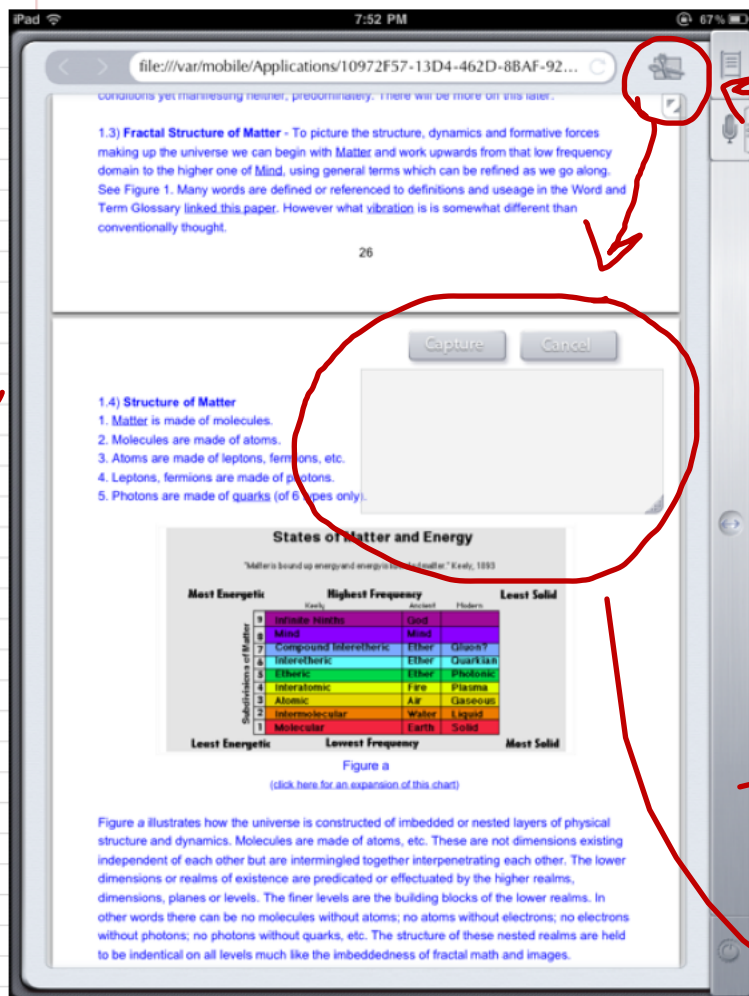

Tap this
to change
your close-up
box settings
😊

Splitter Bar - Dual Pane View

view browser or PDFs on the left while you work on the right!

Capture Clips
for your work!
Use this (in left pane)

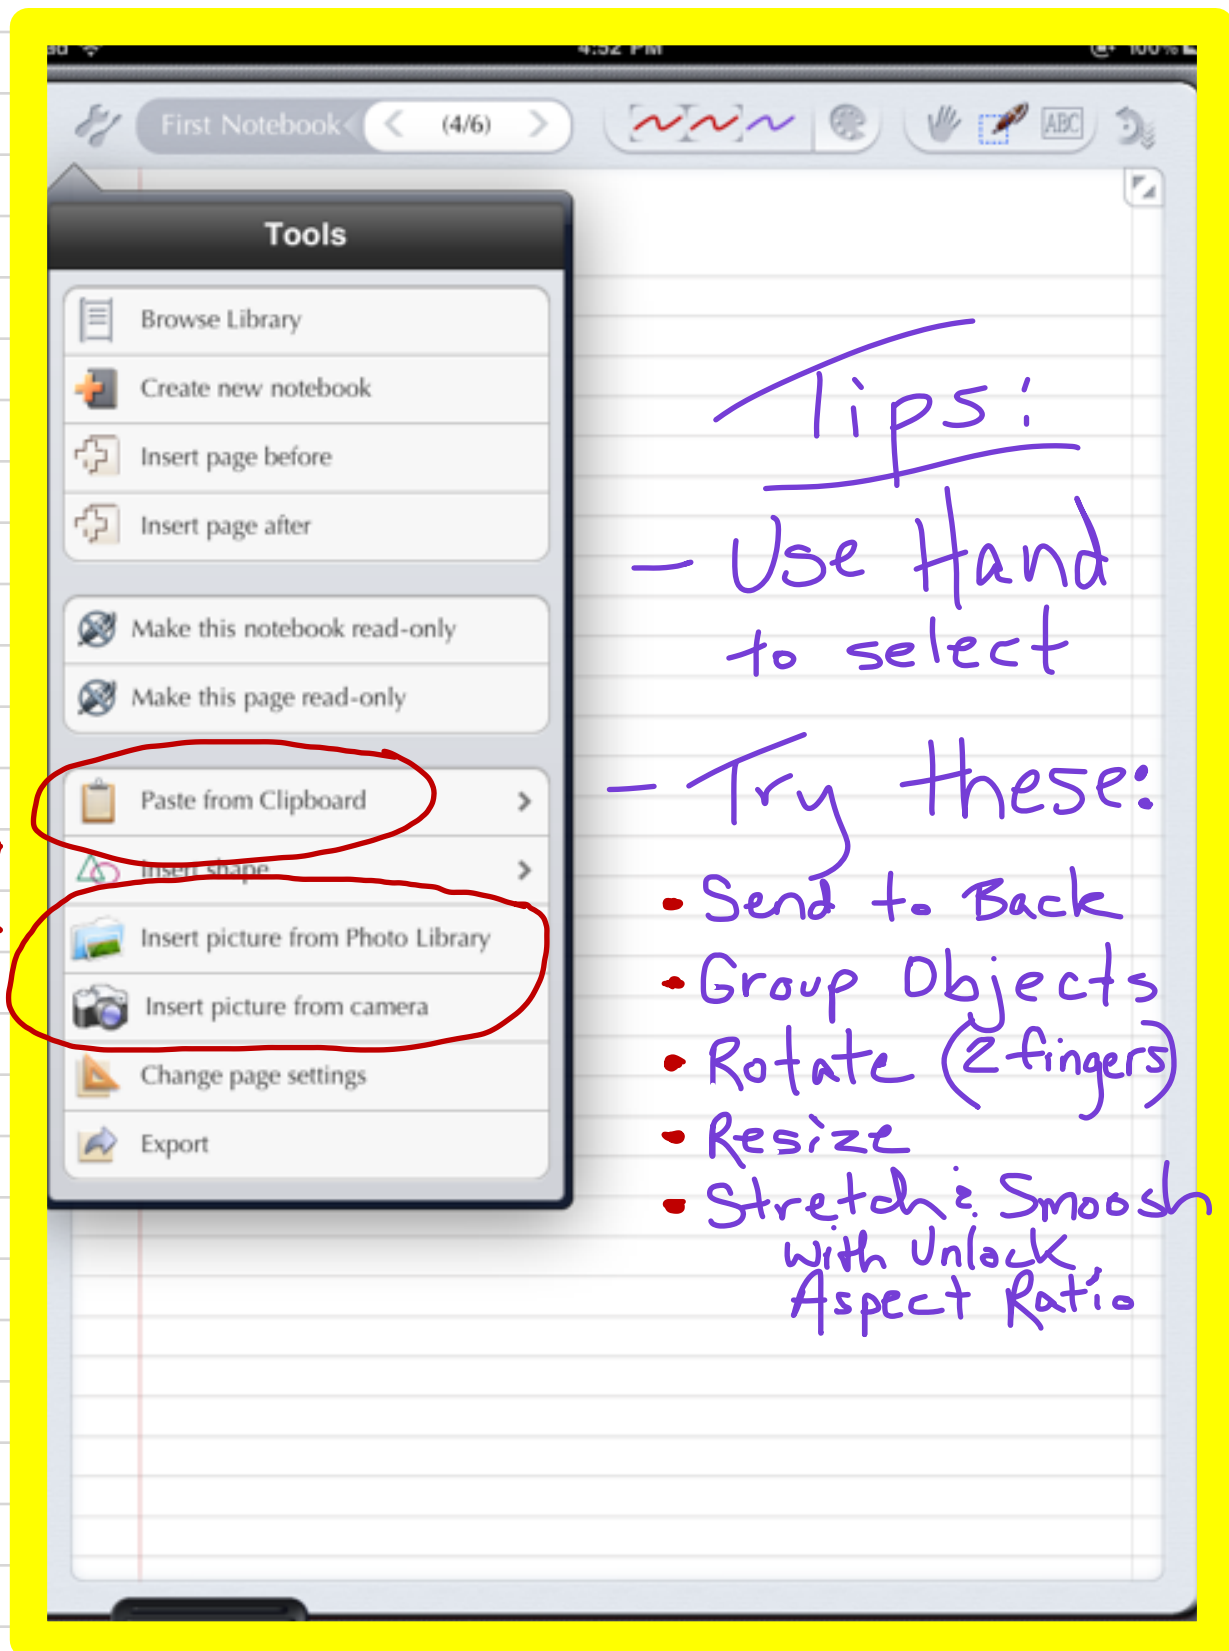

Tip!

Use 2 fingers
to rotate objects.

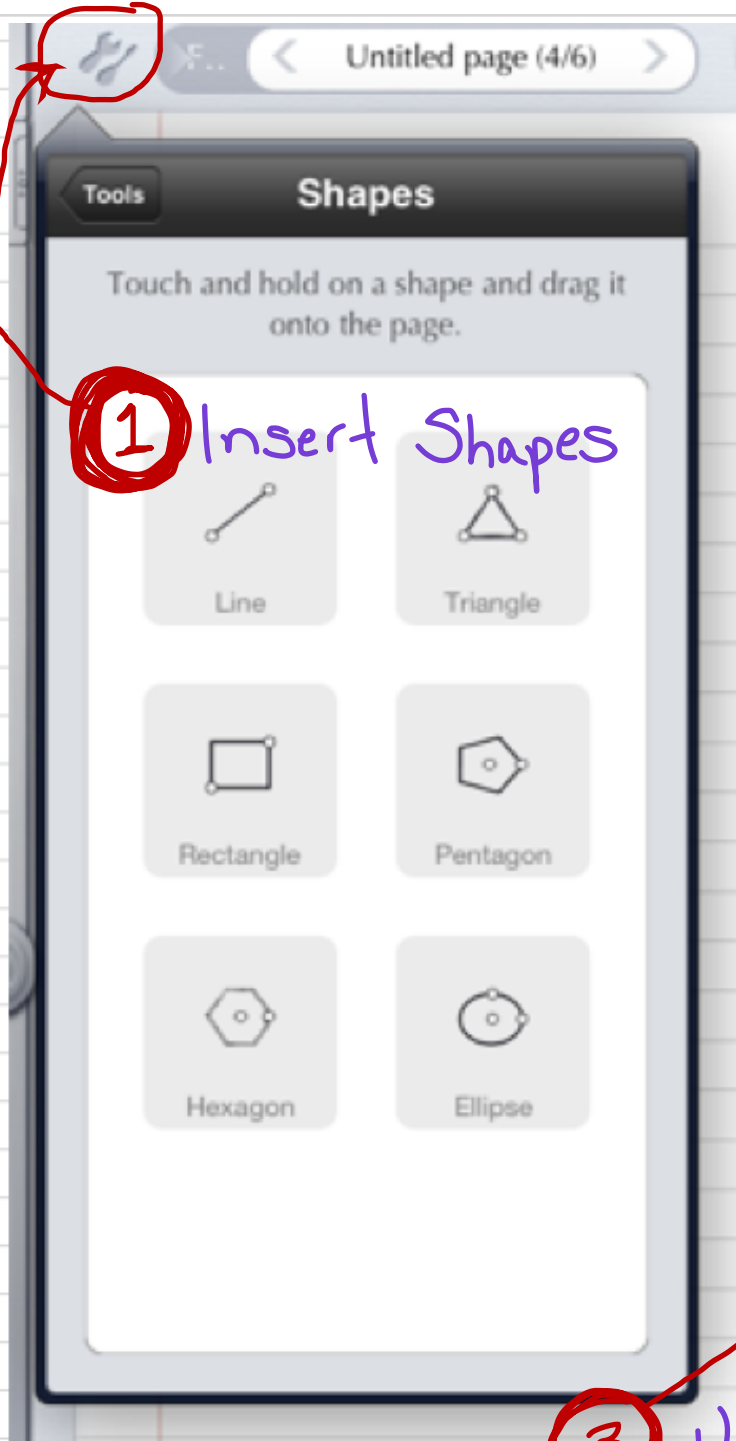

Image Manipulation

Insert images with Tools Options

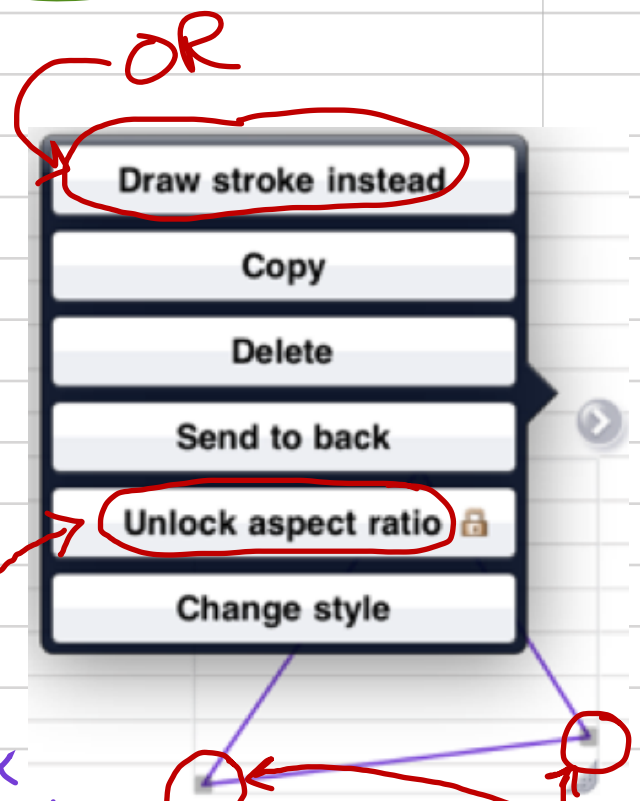

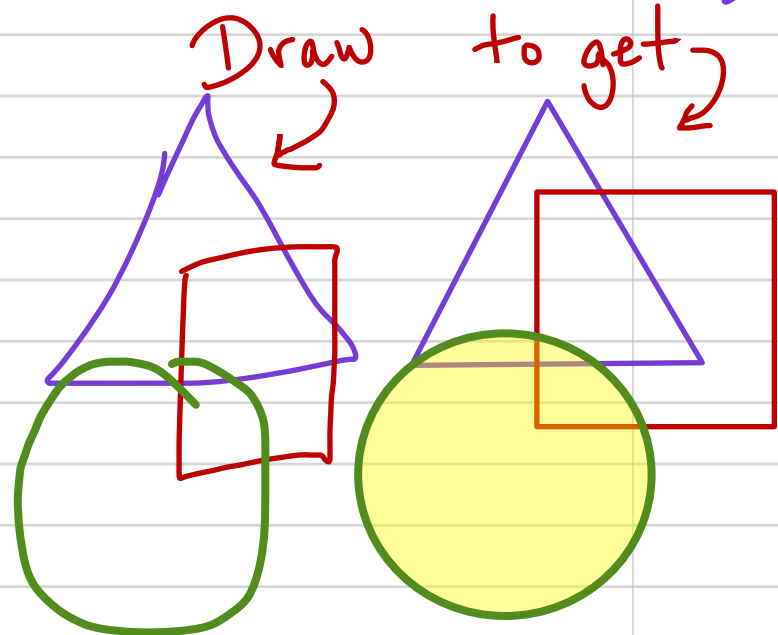

* Or capture clips from Browser (see pg. 4)

Shapes - 1, 2, 3

① Insert Shapes

② Auto-Detect (On)

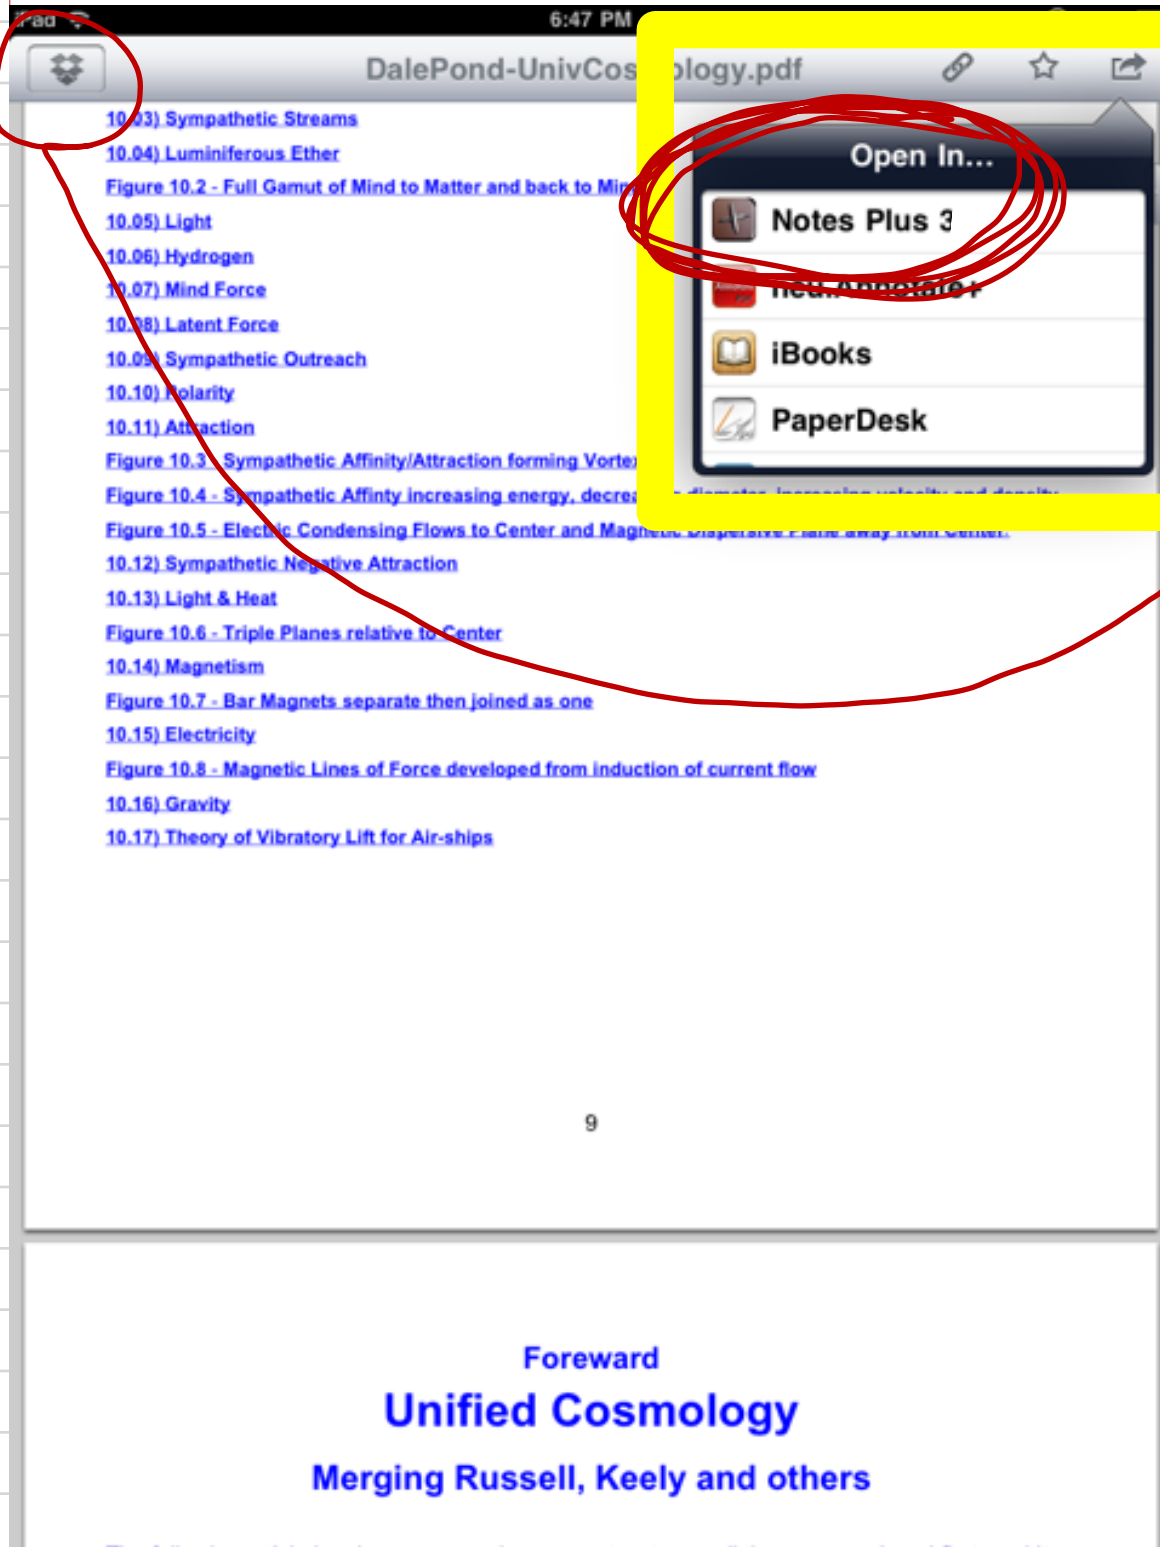

③ Unlock Aspect Ratio and you can move the Vertices Handles

Tip To use Fill Color, first turn it on in the Palette.

PDF Import

Use any iPad program's "Open In" feature to bring PDFs into NotesPlus.

FROM

- Safari
- Dropbox
- Mail
- iBooks
- ... more!

PDF Annotation

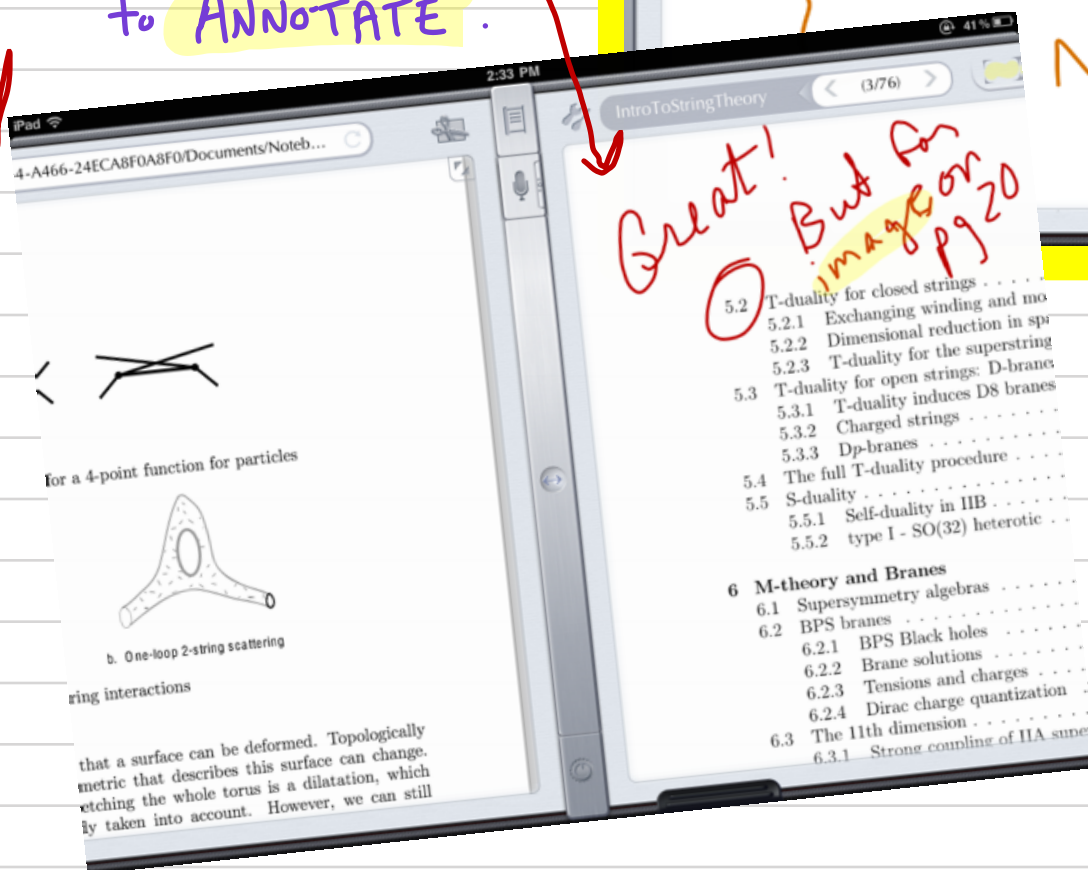

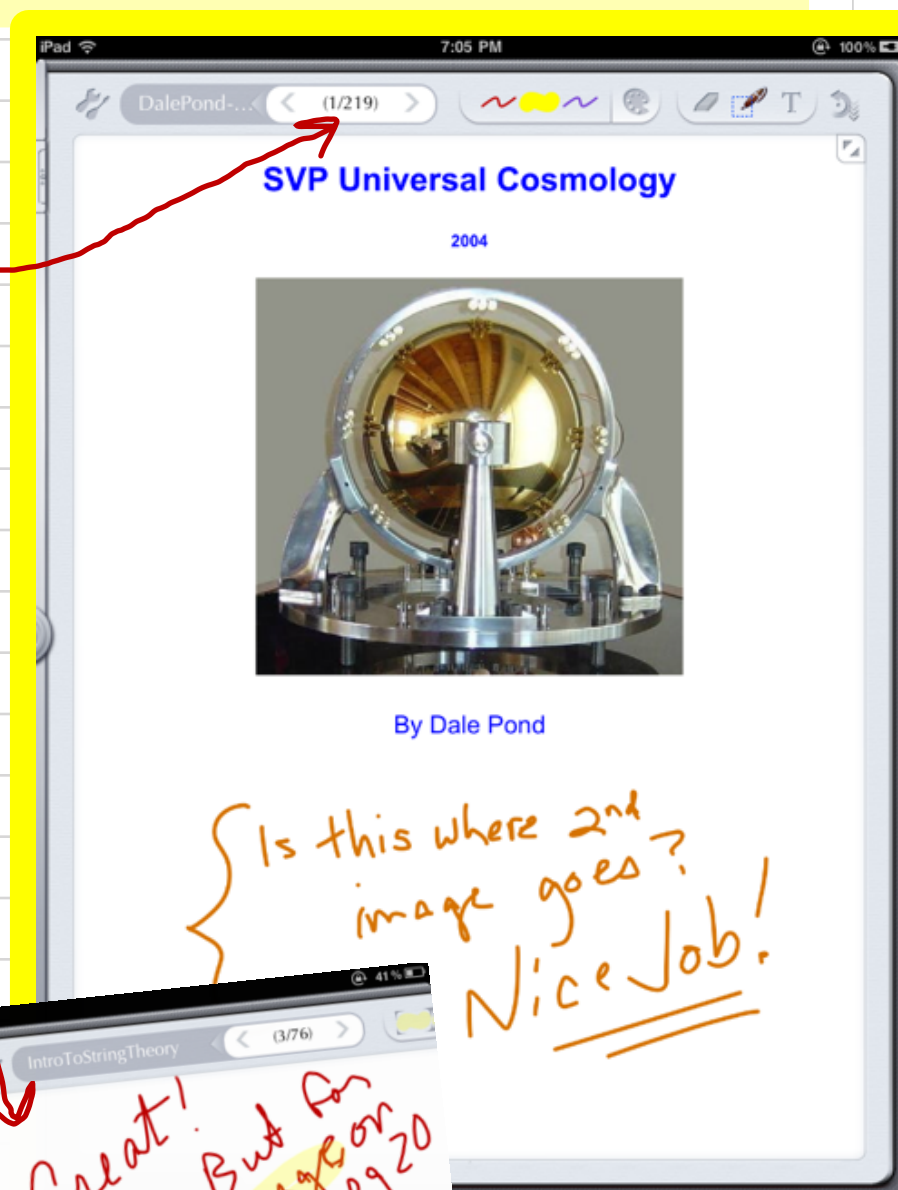

Annotate PDFs ... Add shapes, text, drawings, handwriting, delete pages, ...

Even LARGE
PDFs work!

Tip:

Open PDFs on the
LEFT side
of Splitter Bar
to VIEW them.

Open them on the
RIGHT side
to ANNOTATE.

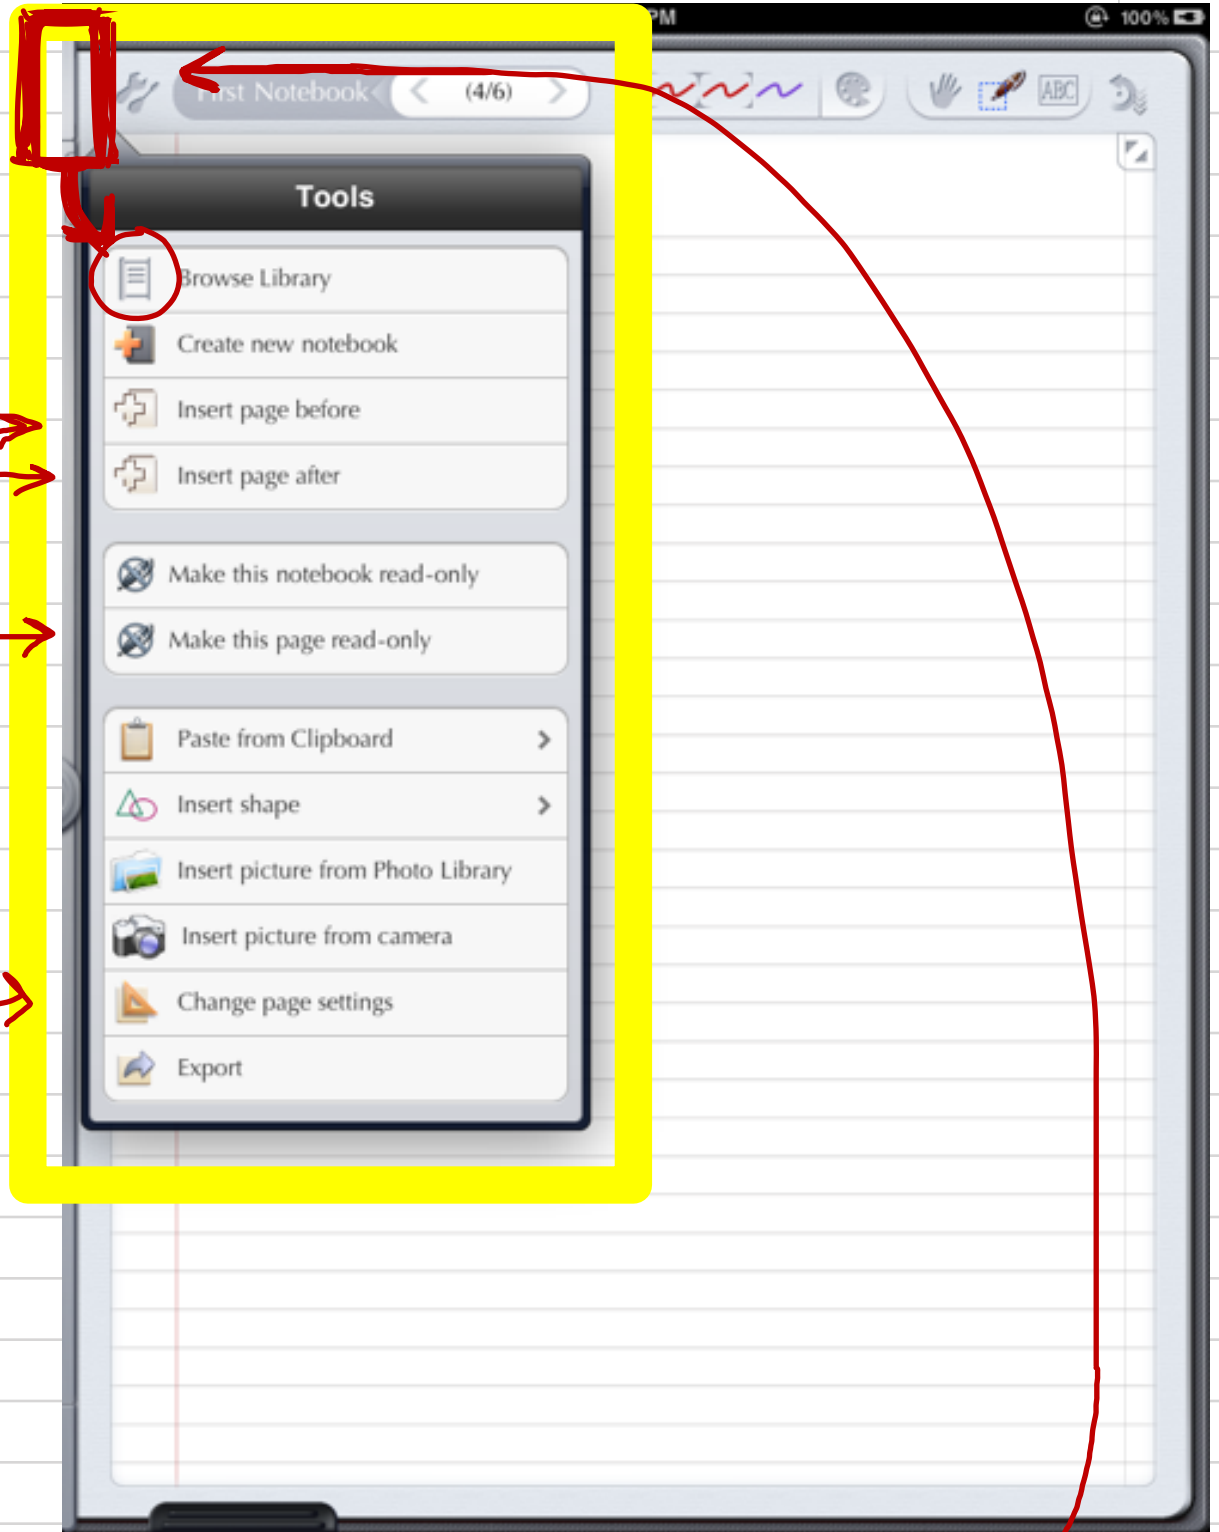

Page Manipulation

View Pages
(tap corner for
Library then
select current
notebook)

Insert pages

Read-only
(toggle)

Margins
Page style
Line spacing
... More

Tip:

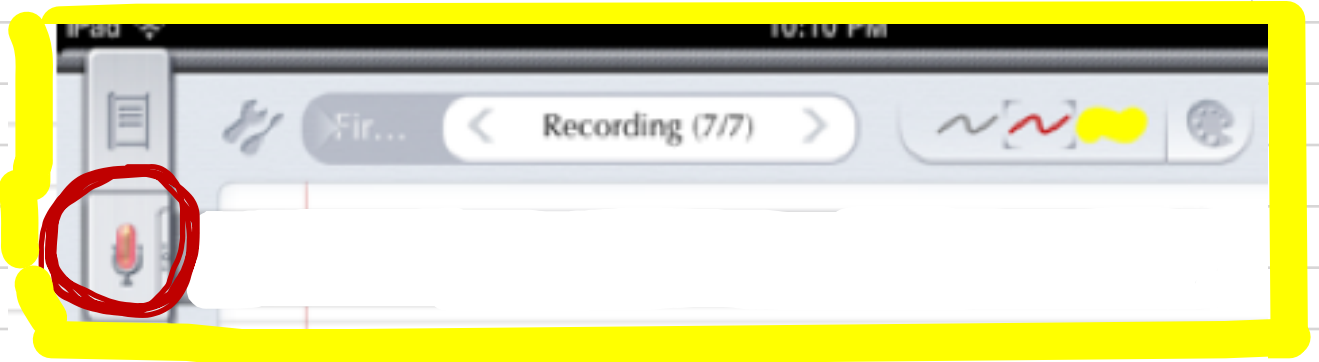

* Move
* Copy
Delete

Pages using the Notebook's
Pages List
(* even from one Notebook to another!)

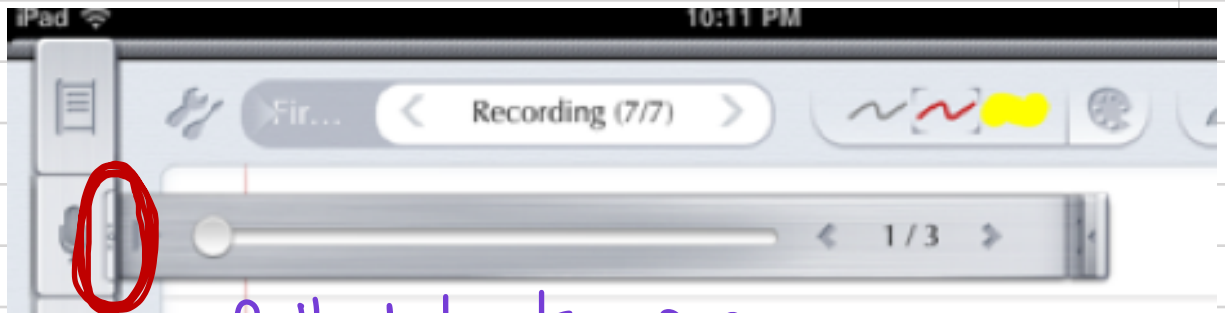

Recording

To record, tap  on the **Splitter Bar**. It will flash red when recording. Tap again to stop.

PULL TAB for Bar

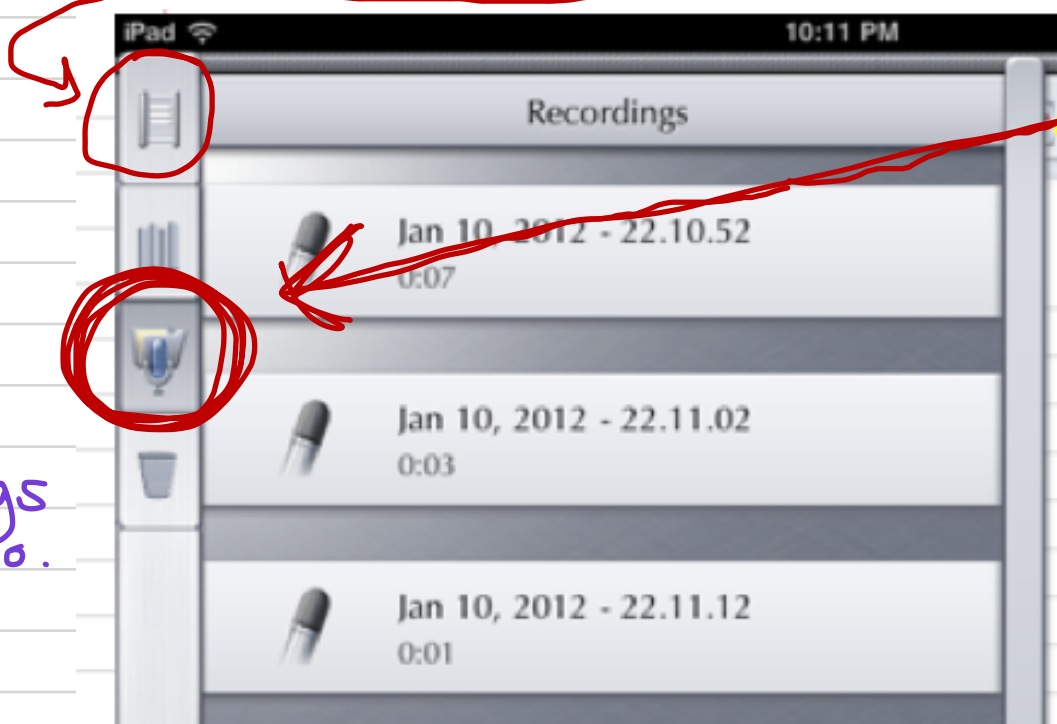

- To hear recordings made on this page only, slide open the Recordings Drawer.

← Pull dots to open

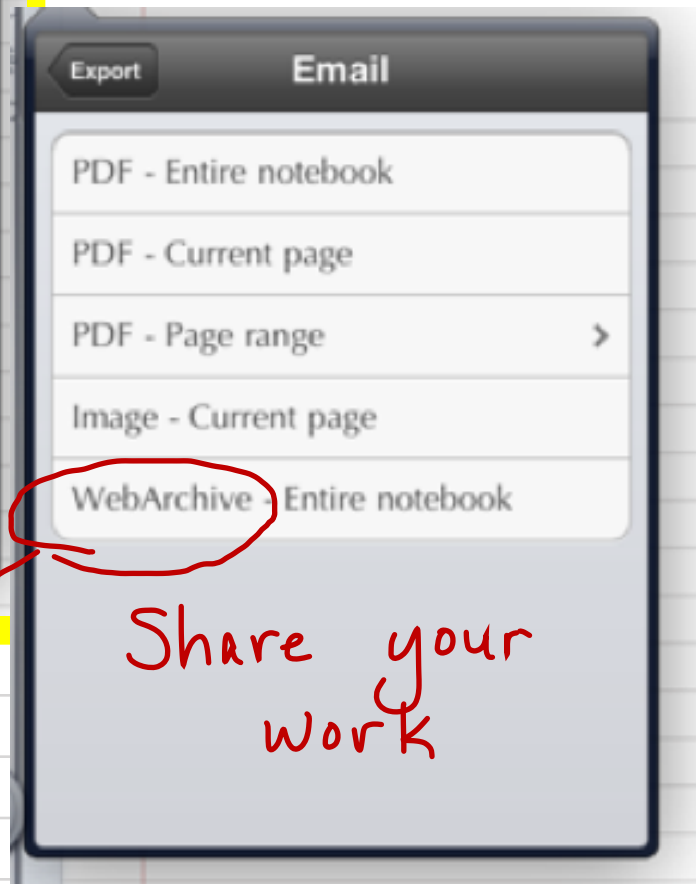

- To see all recordings in your **Library**, tap here

Tip!
You can delete recordings here, too.

Exporting

Share, backup, collaborate!

Tip - Collaboration

Friends also using NotesPlus can edit notebooks with you if you email them the WebArchive.

To import a WebArchive to NotesPlus:

In your iPad email tap the WebArchive attachment and "Open In NotesPlus". Then in view, use the blue arrow in the upper-right corner to import it for editing.

... And More!

See App Settings  for:

- Left-handed Writing support
- Right-to-Left Writing support
- Dropbox for Auto-sync to the cloud
- ...

Tips:

- Try the two deletion gestures:
 - Cross-out ~~word~~
 - Scrubbing ~~scribble~~ ~~scribble~~
- For Best Performance
 - Close background Apps
 - Empty your Trash regularly

And most of all

Enjoy!
